

Appn: No. 09/677,901
Amendment Dated November 12, 2004

MATI-195US

Remarks/Arguments:

Applicants request that claims 19 and 20 be added to the above identified application. These claims correspond to claims 9 and 10 which were withdrawn from consideration in response to the telephonic restriction requirement, as described in the Office Action dated November 20, 2003. These claims were later canceled by an Examiner's amendment as described in the Notice of Allowability.

These claims, however, should not have been canceled. In the Office Action dated November 20, 2003, the Examiner admitted that claim 1 was generic to the species of claims 9 and 10. As claims 9 and 10 depend from claim 1, they are fully embraced by claim 1. Accordingly, when claim 1 was allowed the Examiner, pursuant to MPEP § 809.02(c), should have advised Applicants that claims 9 and 10 were no longer withdrawn from consideration.

Thus, Applicants respectfully request that newly added claims 19 and 20 be added to the application to correct this error.

Respectfully submitted,

Kenneth N. Nigon, Reg. No. 31,549
